

- 
- The map shows a village area enclosed by a thick cyan line. Inside this area, there are two types of bicycle infrastructure: blue lines representing existing facilities and red lines representing facilities that meet the requirements of the ÚME but are not modern due to directional issues. The infrastructure follows the main roads of the village, including a central road that runs from the top left towards the bottom right, and several side roads. The legend on the right side of the map provides the key for these symbols.
- Meglévő kerékpárforgalmi létesítmény
 - ÚME-nak megfelelő, de irányhelyesség miatt nem korszerű kerékpárforgalmi létesítmény
